*** 100 Best Children’s Products 2004 ***

This is an EXCELLENT video that will teach your child about trains, different kinds of railcars, and how they operate. Join Firefighter George as he teams up with Firefighter Christy and Junior Engineers as they help teach the *top ten lessons on train safety*. See how the engineer works the controls in the cabs on Diesel Electric and Transit trains. Ride along and watch as the train goes over high bridges, through dark tunnels, and around sharp curves. Explore the conductor’s “home away from home” inside the caboose. Watch the elephants, horses, and zebras unloading from a circus train. See where passengers eat and sleep while riding on a train. Hear the loud bang as railcars couple together in a rail yard. Today’s Mighty Trains is a Top Product for teaching Social Responsibility in young children. The video is forty minutes long.
